What is STEM?

Welcome to STEM! I am Mrs. Hartman, your STEM specialist. This is my 10th year teaching at Winton, and I'm excited to bring STEM to our students!

STEM stands for Science, Technology, Engineering, and Math. This year, your child will be using a combination of these subjects to create their own solutions for different problems.

HELLO!

Needed Supplies

The following supplies are needed ASAP for our first project if you are able to help!

Kinder: popsicle sticks and a variety of plastic tops from containers

1st grade: rubber bands and pipe cleaners

2nd grade: thin cardboard and straws

3rd grade: masking tape and string

4th grade: felt, thick fabric, or old t-shirts

5th grade: brown paper bags and plastic grocery bags

STEM Focus

Our first unit is STEM Survival Camp! Students will learn the Engineering Design Process while creating their own solution to a problem based on their grade level.
