Thank you for your interest in attending Venture High School. At Venture, students participate in authentic real-life problem solving and project-based learning. In addition to core subjects and other electives, students have an opportunity to take classes and earn certifications in Family and Consumer Sciences, Child Development, Technology/Manufacturing/Construction and Graphic Design/Print Technology. Our career counselor works with all students to help them prepare for occupations, job openings, and further education opportunities in colleges and universities. We emphasize community projects and many other alternative ways to learn academics and valuable life skills.

At Venture High School, academic competency is a top priority. Our teachers are dedicated professionals second to none. All are highly qualified and have received advanced training both in their subject areas and in working with young people facing challenging circumstances. Our smaller class sizes allow for more innovative, flexible, and supportive instruction and learning opportunities. To support student learning and success, our school promotes life skills, resiliency, responsibility, and accountability. We educate the whole person to promote independent, healthy choices for a lifetime of personal and academic success.

Please note the following:

Step 1: Complete this application

- Complete the Student Application
 - The student should only complete the “Student Response” section of the application. A parent/guardian should complete the remainder of the application.
 - After completing the application please return to Venture High School front office.
 - Please allow time for your application to be processed. Once processed, we will call to set up an intake interview or discuss next steps.

Step 2: Intake Interview

- The Intake interview will be an hour-long and is designed to meet you and your parents/guardians. We will go over your application responses to help all of us decide together whether Venture High School is the right school for you. The interview process is subject to regional guidelines to control the spread of COVID-19.

Step 3: Orientation

- Once accepted, this process will help us set your schedule and goals. This may be part of the intake interview.
