

Our local levy supports educational opportunities not fully funded by the state.

State and federal funding provide about 75% of what it takes to fund our schools.

The rest comes from our 2-year local levy, which pays for programs and services our district has provided for years.

Levy dollars help fund essential programs and opportunities such as:

- ▶ **Safety:** School resource officers, high school campus safety
- ▶ **Health:** School nurses, mental health resources, family support
- ▶ **Staffing:** Recruiting and keeping quality teachers and staff
- ▶ **Classroom Support:** Instructional assistants, classroom supplies
- ▶ **Skilled Trades:** Pathways to careers in an evolving economy
- ▶ **Enrichment:** Sports, music, arts, extracurricular activities
- ▶ **Transportation:** Buying new, safer school buses
- ▶ **Technology:** Additional student devices, tech support

OUR TAX RATE IS DROPPING

The school district tax rate of \$1.79 per \$1,000 is projected to decrease to \$1.71 next year.
