ENROLLMENT - Policy 3001

Idaho Code 33-201 defines, "school age" as including all students that reside in the state of Idaho, between the ages of five (5) and twenty-one (21) years. The age of five (5) years shall be attained when the fifth anniversary of birth occurs on or before the first day of September of the school year in which the child is to enroll in kindergarten. For a child enrolling in the first grade, the age of six (6) years must be reached on or before the first day of September of the school year in which the child is to enroll.

Prior to admission of a student, the parent/guardian is required to provide the following three (3) items:

- 1.) Proof of residency (i.e. utility bill, lease agreement with current address); Verification of residency is required annually.

- 2.) Up-to-date immunization records (Idaho state law states that children will not be permitted into school until their immunizations are current or parents have signed an exemption form)
- 3.) Original state certified birth certificate (valid passport or notarized affidavit accepted). You have 30 days from the date the child enrolls to provide the birth certificate or we must report the failure to obtain a birth certificate to the Kootenai County Sheriff's Office.

As our District continues to grow, space is limited at our schools. When a school site is at or near capacity, students may be assigned to another school in the district where more classroom space exists or there may be classroom space, but not a teacher in some places. This process involves the re-assignment of the student to an overflow school site. You may request that your child be put on a waiting list to be notified when space becomes available at their attendance zoned school. Transportation will be provided from the student's attendance zoned school to the overflow school site.

TRANSPORTATION

Bus transportation is provided for students who live beyond 1.5 miles from their zoned home school. Students that live under or at the 1.5 miles will walk to their zoned home school. Contact transportation at (208) 667-3451 for bus stop locations.

EMERGENCY CARE - Policy 3540

The Board recognizes that schools are responsible for providing first aid or emergency treatment in case of sudden illness or injury to a student, but that further medical attention is the responsibility of the parent or guardian. The District is not responsible for the cost of any medical care provided to the student by a health care provider or the cost of transporting the student for the purpose of obtaining such medical care. All employees of this District will protect the health of the public school students and will take reasonable measures to provide for the emergency care of students who become ill or injured on school property during school hours or at school-sponsored events.

MEDICATION - Policy 3510

The role of the District regarding medication administration is to protect the health and safety of all students. Whenever possible, medications should be dispensed to students before and /or after school hours under the supervision of the parent/guardian. The District Recognizes that students attending school may be required to take medication while at school, either on a short-term or long-term basis. Medications should be dispensed at school only when necessary to meet the health needs of the student.

Pursuant to the written authorization of a physician or dentist, as well as the written authorization of a parent or guardian, designated school staff may administer medication to students. Specific directions for administering the medication and the parent's/guardian's signature must be received before any medication will be given to the student. The parent/guardian must submit a written medication authorization form to this District if a school is being asked to administer oral medication.

STUDENT CONDUCT

Students are expected to conduct themselves in such a manner as not to interfere with the orderly operation of the educational program. All students are expected to obey all school rules. Schools will not tolerate the use of alcohol beverages, use of tobacco, use of e-cigarettes, use of prohibited drugs, acts of violent

behavior, vandalism, and acts of insubordination including use of profane language to teachers, administrators, or non-certified staff in the school building, on the school grounds, or at school sponsored events/activities. Violation of any of the above will result in suspension, notification of parents and/or referral to the police.

DRESS CODE – Policy 3255

It is the policy of this school District that students shall dress in a manner which is appropriate for an effective educational environment. While recognizing the importance of allowing students to express their individuality through their attire, the school is responsible for ensuring that student dress is conducive to a positive and respectful environment for all students. All students are, therefore, required to dress in a manner that promotes a safe and healthy school environment, and is not disruptive of the educational climate and process. Students are reminded that their appearance, clothing, and grooming, significantly affect the way others respond to them. *The building administrator or designee may identify additional dress code requirements to address specific needs within a building or for a specific activity.*

PERSONAL ELECTRONIC DEVICES/CELL PHONES – Policy 3265/3265P

The Board recognizes the potential disruption to the learning environment caused by student PERSONAL ELECTRONIC DEVICES (PED)s when not utilized for a specific educational purpose: therefore, the use of PEDs will not be allowed within the classroom setting unless for appropriate and intentional educational purposes, under the direction and supervision of school staff. Devices should be powered off and off their person in a classroom setting unless use is authorized by school staff for a specific educational purpose.

Students in grades K-5 may elect to participate in the Coeur d’Alene School District Bring Your Own Device (BYOD) program. Grade K-5 students may possess PEDs in school, on school property, during after-school activities (e.g. extra-curricular activities) and at school-related functions, provided that during school hours the PEDs are powered completely off (i.e., not just placed into vibrate/silent mode) and not on their person (i.e., placed in a backpack or locker) unless being used for a specific educational purpose with teacher permission. Students may not use PEDs outside the classroom during lunch or in hallways during school hours.

Students in grades 6-8 may elect to participate in the Coeur d’Alene School District Bring Your Own Device (BYOD) program. Grade 6-8 students may possess PEDs in school, on school property, during after-school activities (e.g. extra-curricular activities) and at school-related functions, provided that during school hours the PEDs are powered completely off (i.e., not just placed into vibrate/silent mode) and not on their person (i.e., placed in a backpack or locker), unless being used for an specific educational purpose with teacher permission. Students may not use PEDs during passing periods. Student PED use is allowed before and after school, and at lunch at the discretion of the building principal.

Students in grades 9-12 may elect to participate in the Coeur d’Alene School District Bring Your Own Device (BYOD) program. Grade 9-12 students may possess PEDs in school, on school property, during after-school activities (e.g. extra-curricular activities) and at school-related functions, provided that during school hours in a classroom setting the PEDs are turned completely off (i.e., not just placed into vibrate/silent mode) and not on their person (i.e., placed in a backpack or locker) unless being used for a specific educational purpose with teacher permission. Student PED use is allowed before and after school, during passing periods, and at lunch at the discretion of the building principal.

Students are responsible for the safety and security of their PED. The District will assume no responsibility in any circumstance for the loss/destruction/damage or theft of PED. Students will be responsible for locating such lost/stolen items. *Any student who violates this rule is subject to have their phone taken and turned in to the office.*

PARENT/SCHOOL COMMUNICATION

Parents with concerns should first speak with the teacher involved, then the Principal before seeking assistance at the District Office level.

Parents need to contact their school office for student transcripts and/or records.

PARENT/TEACHER CONFERENCES

Please feel free to contact your child's teacher any time. If you have any concerns, please call and schedule a time to talk with your child's teacher. There are two regularly scheduled Parent/Teacher Conferences during the school year. Conferences usually occur near the end of November and March of each year. You will receive specific information from your child's teacher. Time may be set aside for evening conferences.

VOLUNTEER ASSISTANCE – Policy 4600

The District supports and encourages volunteers in our schools. Volunteers work in cooperation with schools to help in meeting the needs of children and the school staff.

Coeur d'Alene Public Schools volunteers may not assume the responsibilities of District staff but may provide assistance when under the direction of a staff member and with the permission of the building administrator; may not administer student discipline; shall not (except in life-threatening emergencies) administer first aid or medicine; may not operate any motor vehicles owned by the School District, nor shall they transport students as part of any School District program or activity. All volunteers are required to maintain absolute confidentiality in working with students, staff and all privileged information in the school.

All school building visitors — including volunteers — entering during a school day are subject to a visitor background check and must submit proof of identification. Additionally, volunteer are required to complete and submit a Volunteer Program Application and Disclosure Statement.

All volunteers should read and be familiar [Policy 4600: Volunteer Assistance](#) and [Procedure 4600P](#), as set forth by the Board of Trustees.

PAYMENT FEES OR RETURNING PROPERTY – IDAHO CODE 33-603

The Board of Trustees of each school District shall have the power and the ability to require as a condition of graduation, as a condition of issuance of a diploma or certificate, or as a condition for issuance of transcript, that any or all indebtedness incurred by the person when he/she was a student be satisfied, or that all books or other instructional materials, uniforms, athletic equipment, advances on loans, or other personal property of the school District borrowed by the person when he/she was a student of the District be returned.

STUDENT BREAKFAST/LUNCH INFORMATION

The Coeur d'Alene School District serves nutritious breakfasts and lunches to the students in all of our schools. The Nutrition Services staff at each school prepares meals for the students in their building, allowing for fresh fruit and vegetables, hot meals and individualized attention. All meals meet federal nutrition requirements. Meals may be prepaid in advance by placing money in your child's meal account. Checks should be made out to your child's school, with the child's full name on the memo line. Please make arrangements with your school if you would like to join your child for breakfast or lunch.

Free and reduced price meals are provided for children whose family size and monthly gross income meet USDA Child Nutrition Program Income Guidelines. Parents may enroll their children at any time during the school year. Applications are available at each school office.

Nutrition Services now offers online payments for school meals. *This information can be found on our website cdaschool.org under "Departments".* If you have any questions or need assistance, feel free to contact us at (208) 667-7469.

ON-SITE CHILD CARE

School Plus is an on-site childcare program and is available before and after school for students. The adult-supervised program begins at 6:45 a.m. and is also available after school from 3:15 pm to 6:00 pm. A kindergarten School Plus program runs all day at selected sites. School Plus is a self-supporting program through fees paid for by parents, not from district revenue. *For information regarding fees and registration, please contact the School Plus office at (208) 769-0700 or visit cdaschools.org under the For Parents heading.* Parents can now pay for their childcare online through Family Access.

COLD WEATHER/SNOW DAYS

Please prepare your child for current weather/temperature conditions. If a child is well enough to come to school, they are well enough to go outside. Notes requesting a student stay in at recess will not be accepted unless special arrangements have been made with the principal.

School may occasionally be canceled due to severe weather or road conditions. In the event of a school day closure, you will be notified by 5:30 am via email and text (if the school has your current contact information on file). Closure updates will be available on all school websites with a pop-up alert, on the District's social media pages (Facebook, Twitter, Instagram) and via our closure hotline at 208-667-0784. Closures are broadcast on radio (KVNI-1080 AM) and local TV stations (KREM-2, KXLY-4 or KHQ-6). If school-sponsored events are scheduled on an emergency closure day, all events are canceled.

School Plus childcare is available during closures for students who have enrolled in advance. Locations vary by year.

More information about closures and weather alerts can be found online: www.cdaschools.org/closures.

ACADEMIC HONESTY/PLAGIARISM – Policy 3335

The Coeur d'Alene School District places a "high priority on the development of responsible citizenship". Plagiarism, in any form, is unethical and unacceptable.

Academic dishonesty includes, but is not limited to:

1. Cheating on a quiz or test;
2. Attempting to locate, obtain, improperly use and/or steal material/information belonging to the instructor including (but not limited to) assignments, quizzes, tests or answer keys;
3. Distributing information for the academic gain of self and/or others;
4. Using another person's work (including material from the internet) and presenting it as his/her own;
5. Allowing another student to copy his/her work in order to deceive.

Repeat offenses may be subject to one or more serious consequences: suspension, course failure, removal from course, removal of or suspension from academic honors, and/or leadership roles.

SCHOOL EMERGENCY RESPONSE PLAN – Policy 514

The Coeur d'Alene School District has a School Emergency Response Plan (SERP) that covers safety and security, including procedures for handling all types of emergencies that might occur in and near our school and community. Potential emergencies include weather conditions that cause the school to close such as blizzards, ice storms or earthquakes, as well as neighborhood environmental conditions such as nearby hazardous material spills. Other types of situations covered by the plan include fires in or near the school, threats within or near the school or suspicious people on school grounds.

SERP is designed to ensure the safety of children within our school and the safe evacuation of children, if necessary. You should be aware of certain areas of our emergency planning to ensure that the district responds appropriately in the event of a school emergency. In the event that you become aware of a school emergency, please take note of the following:

The district has an emergency notification system that can notify you in the event of a school emergency. This notification system can automatically send you a text, phone message, or email regarding emergency procedures. Messages may be sent to individual school populations or to the entire district. At the beginning of the school year, parents will receive information regarding this system, including user-ID and password information. Please be sure to verify your contact information during your child's registration.

Tune into your local media. We utilize outreach to television and radio stations. The media will be notified by school personnel with information to relay to parents.

Bring identification when you go to pick up your child. The evacuation and release plan requires that children only be released to parents or someone listed on the child's emergency contact list with proper photo identification.

Update your child's emergency contact form as necessary. If you are unable to pick up your child, he/she can only be released to someone on your emergency contact form.

SAFETY AND SECURITY OVERVIEW

School security and student safety are vitally important in our community. At Coeur d'Alene Public Schools, we are working continuously to evaluate and strengthen our safety program. We welcome families to engage with us on this important topic. All Coeur d'Alene Public Schools staff members, parents, students and community members are encouraged to report anything they see, hear or are made aware of that may disrupt or threaten a school or school program. If you see or hear something, *say something*: Call 911 or call the non-emergency line at (208) 446-1854.

Each school in our district has an Emergency Response Plan that has been carefully developed. If there is an emergency at your child's school, your assistance will help us respond more quickly and effectively. In the event of a school emergency or lockdown, we will communicate about what is happening just as soon, as we are able to confirm the information from school officials, law enforcement or emergency responders. Our goal is to provide credible, accurate and useful information to the public, as soon as possible. Please be aware that information received from sources other than the school administrator or Coeur d'Alene Public Schools may be inaccurate or outdated. Please help us control the spread of rumors and unconfirmed details.

We want to make sure we know how to reach you during a school emergency. We have several ways we share information and updates, and we invite you to plug into our communication channels, whether it's by text message or email, or through social media and our website. Look for updates on the District [Facebook page](#) (@cdaschools) and [Twitter feed](#) (@cdaschools). We also may post an onscreen alert on our [websites](#).

We also communicate by sending messages directly to the parents and guardians of our students. This may include **emergency text messages** or email. Please make sure your emergency contact information is up to date in your child's [Skyward account](#); the number listed in the No. 3 phone contact needs to be your cell number.

You can help ensure the safety of students and school employees during an emergency:

- As tempting as it may be to rush to the scene of a school emergency, our partners in law enforcement advise that this can seriously complicate their efforts to secure the scene and confront any threats. Showing up to the school may slow the response of emergency vehicles, and could distract police from ensuring the school is secure. You could put yourself or others in danger. We will communicate with you about how and when to reunite with your child. The reunification site may not be at the school.
- Please refrain from calling the school while an emergency or lockdown is in progress. The school staff will be busy working with law enforcement to secure the school and make sure everyone is safe. Please do not tie up phone lines at this critical time.
- If you get a call or text from your student, help them remain calm. Remind your student that school staff knows what to do in an emergency situation and will work to keep everyone safe. Your children are safest if their phones **remain silent** during a threat. Police advise all people in a lockdown to stay off their phones.

Please discuss these safety matters with your family. Planning ahead will help alleviate concern during emergencies. Thank you in advance for following these steps to ensure our students, staff and public remain safe and secure.

We have more information about school safety available on our website: www.cdaschools.org/security.

SKYWARD STUDENT INFORMATION SYSTEM

The Skyward **Family Access** system provides parents or guardians with access to real-time student information, including grades, attendance and student fees. Another feature is the Message Center, which allows teachers and administrators to send you notices concerning your child, the school or upcoming events. **Annual Online Verification:** In July and August, all primary guardians of currently enrolled students are encouraged to log into Skyward and update their Family Access information for the upcoming school year.

PARENT AND FAMILY ENGAGEMENT - Policy 2420

The Coeur d’Alene School District recognizes that the education of each student is a responsibility shared by the school and the student’s family. In order to achieve the level of parent and family engagement outlined in District Policy 2420, these procedures guide the development of each school’s annual parental involvement plan designed to foster a cooperative effort among parents, school, and community.

PARENTAL RIGHTS - Policy 2425

If a parent has an objection to curriculum and/or the District's implementation of various mandates through the District's practices, policies and procedures, or if a parent/guardian would like to request reasonable academic accommodation, the appropriate avenue for the parent/guardian is to first seek to address such concerns through communication with the school's administration. Parents/guardians are entitled to review all learning materials, instructional materials, and other teaching aids used in the classroom of their student.

INSTRUCTIONAL MATERIALS REVIEW - Policy 2530/2530F1/2530F2

An Opt-Out/Alternative Novel Request form will be available for parents and students that for any reason do not approve of a required novel selection. Parents and teachers would then work together to determine a suitable alternative.

POLICIES FOR STUDENTS

As per District Student Policies and Procedures: 3000 – 3620.

ATTENDANCE – Policy 3040/522

The right to attend school is fundamental and purposeful. Along with this right is the responsibility to attend school faithfully and regularly. This responsibility rests with the student and with the parent/legal guardian, and is basic in order to meet the instructional goals of the District 271.

The instructional program of the District is based upon regular daily instruction and interaction between the student and teacher. Poor attendance is a disruption to the instructional programs of students who attend school on a regular basis.

The following attendance procedures information applies to all students in grades K-12: (The complete policy/procedure can be found on the district website.)

Absences and Excuses Procedures for Grades K – 8:

1. A student who is absent 10 or more days during a grading period may be referred to the Board of Trustees for determination as a habitual truant;
2. To ensure the safety of the student, it is required that parents/legal guardian contact/communicate to the school regarding each day or portion thereof that their child is absent;
3. If a student is to be out of school for an approved extended absence, it is the parent's/guardian's responsibility to make arrangements for assignments with the teacher prior to such absence understanding that many assignments can only be made up after returning to school. In all absentee cases, class assignments must be completed within the specified time frame for the student to receive credit.
4. Inadequate and unacceptable academic progress due to absences may result in loss of credit and/or retention in the current grade, if appropriate to that particular student
5. Documented notification will be sent to parents from the school when a student has accrued 4, 7 and 10 excused and/or unexcused absences in a grading period.

Absences and Excuses Procedures for Grade 9-12:

1. A student who accrues ten or more periods of absences or trancies at a traditional schedule high school or five at a block schedule high school in any class shall lose credit for the semester. Certain absences may be waived at the discretion of administration. Credit will be reinstated when: a) the student passes an end-of-course assessment (EOCA) in which the student has lost credit, and b) the student has a passing grade for the course. The student may also be referred to the Board of Trustees for determination as a habitual truant.
2. If a student takes the EOCA and consequently loses credit, he/she may appeal to an academic committee if said student feels he/she has the minimum competency in the course work, but that was not reflected in the exam. The exam must be taken before any appeals will be granted.
3. Courses which are performance based, such as music, drama, technology, P.E., professional technical, aide positions or YVA, may choose to have evaluations in which the student performs or presents a portfolio of the semester work. This work will be judged by the teacher and/or the department.
4. Work missed due to excused absences will be made up at a time to be arranged by the teacher/department. If under unusual circumstances a student takes advantage of the opportunity to make up work and abuses the responsibility of being in attendance at school, make up work may be given less credit at administrative discretion.

5. Documented notification will be sent to parents from the school when a student has accrued 4, 7, 8, 9 and 10 absences in a traditional schedule high school's semester or 2, 4 and 5 absences for a block schedule high school's semester.

Unexcused Absences Defined:

1. Absent without the knowledge and consent of parent/legal guardian,
2. Absent from school after once arriving on the campus, and without knowledge and consent of the school. Possession of any dangerous item while attending school is prohibited. School staff is authorized to confiscate such items immediately and take disciplinary action which may include suspension and/or expulsion. Dangerous weapons shall be defined as any article capable of being used as a weapon.

Students attending district schools are prohibited from:

1. Possessing, carrying, using, and/or threatening to use objects/substances which are manufactured, used, or intended for use as a “weapon,” or facsimiles thereof, at school, on a school bus, or at any school

sponsored activity whether on school owned/leased property or facilities used by the District but not owned or leased by the District, without prior permission of school officials.

2. Possessing, carrying, using, and/or threatening to use, any normally non-dangerous object or substance with the threat, intent or result of causing harm to another person or property at school, on a school bus, or at any school sponsored activity, whether or not such activity is on school owned/leased property or property used for school related purposes.

Any assault or battery by a student on an employee of this District, another student, or other person, occurring on or near the school grounds or at a school sponsored event will result in the student being disciplined.

Further, any person, including a student, who, while on school grounds, willfully threatens, by word or act to do violence to any other person on school grounds may be referred to law enforcement for prosecution. This expressly includes anyone who willfully threatens, by word or act, to use a firearm or other deadly or dangerous weapon.

CORRECTIVE ACTIONS AND PUNISHMENT – Policy 3340

All students shall submit to the reasonable rules of the District. Refusal to comply with written rules and regulations established for the governing of the school and any other conduct disruptive of good order or the instructional effectiveness of the school shall constitute sufficient cause for discipline, suspension, or expulsion.

A temporary suspension is the exclusion from school or individual classes. The Superintendent or the Principal of any school may temporarily suspend any pupil for disciplinary reasons, including student harassment, intimidation or bullying, or for other conduct disruptive of good order or of the instructional effectiveness of the school.

Expulsion is the exclusion from school. Only the Board of Trustees have the authority to expel or deny enrollment to any pupil who is an habitual truant, whose conduct is such as to be continuously disruptive of school discipline or of the instructional effectiveness of the school, or whose presence is detrimental to the health and safety of other pupils, or who has been expelled from another school district in the State of Idaho or any other state.

SEARCHES & SEIZURE – Policy 3370

To maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects when the student is on school property or at a school-sponsored event. (stop here for elem.)

Students are prohibited from using a locker for the storage of illegal, contraband, or potentially harmful items, including, but not limited to, weapons, drugs, and alcohol. School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by students, without notice or consent of the student. This applies to student vehicles parked on school property.

The District may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, and other illegal or dangerous substances or material, including searches conducted through the use of specially trained dogs. A drug dog's alert constitutes reasonable suspicion for the District officials to search the lockers, personal items, or vehicles.

For health and safety reasons, a general inspection of school properties such as lockers and desks may be conducted on a regular basis or when reasonable suspicion reveals that the search will disclose evidence of illegal possession or activity.

School authorities may search the student and/or the student's personal effects in the student's possession when there is reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating the law or the District's student conduct rules, that the student is in possession of illegal or contraband materials, or the student is secreting evidence of a crime or violation of District policy.

The search itself must be conducted in a manner that is reasonable in scope, reasonably related to its objectives, and not excessively intrusive in light of the age and sex of the student, the circumstances of the search, and the nature of the infraction.

If a search produces evidence that the student has violated or is violating the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

STUDENT HEALTH/PHYSICAL SCREENINGS/EXAM – Policy 3500

The District may arrange each year for health services to be provided to all students. Such services may include, but not be limited to:

2. Refer the consulting services of a qualified specialist for staff, students, and parents;
3. Vision and hearing screening;
4. Scoliosis screening; and
5. Immunization as provided by the Department of Health and Human Services.

Parents/guardians will receive a written notice of any screening result which indicates a condition that might interfere or tend to interfere with a student's progress.

The District will not conduct physical examinations of a student without parental consent to do so or by court order, unless the health or safety of the student or others is in question. Further, parents will be notified of the specific or approximate dates during the school year when any non-emergency, invasive physical examination or screening administered by the District is conducted which is:

1. Required as a condition of attendance;
2. Administered by the school and scheduled by the school in advance; and
3. Not necessary to protect the immediate health and safety of the student or other students.

Parents or eligible students will be given the opportunity to opt out of the above-described non-emergency, invasive physical examination or screening.

STUDENT RECORDS – Policy 3570/3570P/3570F

School student records, including medical records, are confidential, and information from them shall not be released other than as provided by law. Federal and state laws grant certain rights to parents and students, including the right to inspect, copy, and challenge school records. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The District may release directory information as permitted by law, but parents shall have the right to object to the release of information regarding their child. Military recruiters and institutions of higher education may request and receive the names, addresses, and telephone numbers of all high school students, *unless* the parent(s) notifies the school not to release this information.

STUDENT DATA PRIVACY AND SECURITY – Policy 3575

The efficient collection, analysis, and storage of student information is essential to improve the education of our students. As the use of student data has increased and technology has advanced, the need to exercise care in the handling of confidential student information has intensified. The privacy of students and the use of confidential student information is protected by federal and state laws, including the Family Educational Rights and Privacy Act (FERPA) and the Idaho Student Data Accessibility, Transparency, and Accountability Act of 2014 (Idaho Data Accountability Act).

Student information is compiled and used to evaluate and improve Idaho's educational system and improve transitions from high school to postsecondary education or the workforce. The Data Management Council (DMC) was established by the Idaho State Board of Education to make recommendations on the proper collection, protection, storage and use of confidential student information stored within the Statewide Longitudinal Data System (SLDS). The DMC includes representatives from K-12, higher education institutions and the Department of Labor.

The District shall follow applicable state and federal laws related to student privacy in the collection of student data.

SY 2018-2019

In Accordance with the Family Rights and Privacy Act as amended 2012

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the *Coeur d'Alene School District 271* receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Upon request the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the students enrollment or transfer. (Note: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)
