

## 01/14/22 - Weekly Board Notes

### **Mike Nelson - State Report Cards Updated:**

The State of Idaho maintains dashboards for all Idaho public school districts, including public charter schools. This week, they updated the dashboards with results from the 2020-2021 school year. You'll [see our district results](#) here and the menu options provide results from a variety of academic and non-academic indicators.

We are required by state statute to link to this site on each of our schools/district websites.

### **Seth Deniston - iTech Update Newsletter:**

The iTech Update newsletter was sent to all District staff on January 13, 2022, and is linked [here](#).

### **Mike Nelson - Hanover Research Username/Passwords and Overview:**

All administrators, instructional coaches, and trustees in the district have access to the [Hanover Research library](#) with thousands of synthesized resources that support evidence-based decision-making. For more details on accessing the library, view this [four-minute video](#) and be on the lookout for a password reset email notification on Monday of this next week to establish a password for our new trustees. As a tease, here is their "Trends in Education 2021" report discussing the equity gap, teacher shortages, mental health, and other important topics affecting districts around the country.
