

## **02/25/22 - Weekly Board Notes**

### **Mike Nelson - Idaho State Board of Education Waives College Entrance Exam Requirement:**

At its monthly meeting, the Idaho State Board of Education has waived the college entrance exam requirement for the graduating class of 2022. However, this is still a graduation requirement in our Board procedure [2700P1](#). We plan to continue this requirement for our students as just under 10% of our current Seniors have not yet taken an exam and most are scheduled for the April administration. Some of those students are also not seeking a District diploma but are enrolled only in elective courses.
