

11/19/21 - Weekly Board Notes

Scott Maben - Reviewing Our District Mission And Vision Statements:

With the completion of the District's new strategic plan, it's an appropriate time to review and update the District's mission statement and vision statement. Assistant Superintendent **Patty Morrison** and Directors **Mike Nelson**, **Scott Maben**, and **Katie Graupman** have offered to lead an effort to do just that over the next few months. We are discussing ways to invite student and community input on this endeavor, and we are especially excited to tap our talented Student Advisory Group for ideas.

A mission statement articulates who we are, what we do, and who we serve. The focus is on today and what we do.

Here is our current mission statement from the 2014 strategic plan update:

We invest in each student to prepare, challenge and advance well-educated, resilient and future-ready citizens.

A vision statement gives us direction and describes our desired future outcomes or goals. The focus is on tomorrow and what we want to become.

Here is our current vision statement from the 2014 strategic plan update:

Coeur d'Alene Public Schools is an education leader, promoting opportunities for innovation in learning and inspiring excellence in everyone.

From those statements we developed a motto that encapsulates the beliefs or ideals guiding the institution:

Invest / Inspire / Innovate

We also wish to consider the vision that accompanies our Portrait of a Graduate, adopted by the Board in 2020:

Each graduate of Coeur d'Alene Public Schools will be equipped with the knowledge, skills, and dispositions needed to pursue their future.
