

Instructional Tier Goals

The objective of ISIP™ is to identify students potentially at risk of reading failure. Estimated ability level indices are used from each subtest to determine a student's overall estimated reading ability index. The student's overall reading ability index is used as the dividing line to determine students potentially at risk. Skill goals and criteria become progressively more difficult with each assessment period.

Description of Instructional Tiers

Tier 1: On track to meet grade level expectations

Tier 2: At some risk of not meeting grade level expectations

Tier 3: At significant risk of not meeting grade level expectations
