Re: Military Ascension of District Graduates

At the meeting of the Board of Trustees on March 7, 2022, Trustee Morrisroe requested data showing the number of district graduates who committed to serving in the armed forces after my presentation on students and their postsecondary educational pursuits.

I recently received data from the Hayden recruitment office (all six branches represented) presents the following for our area:

	Class of 2019	Class of 2020	Class of 2021	TOTAL
TOTAL GRADUATES	652	665	629	1946
NUMBER ENLISTED	31	16	29	76
PERCENT ENLISTED	4.75%	2.41%	4.61%	3.91%

The recruiting manager did provide one caveat to the received data. Enlistments are done by ZIP code and not recorded specific to a high school. Therefore, if a person graduated from another state/region of Idaho and then chose to enlist at one of our local offices, they would be included in these calculations.

We did not receive breakdowns by gender, race, or by enlisted branch at this time, but I'm glad to request additional information as you may request.
