

## RESULTS OF CALLS TO FAMILIES OF STUDENTS WITHDRAWN TO HOMESCHOOL/PRIVATE

There has been great interest in getting a pulse on the intentions of families who left the district this year for homeschool or private school. Christine has organized and guided the work around utilizing office staff to reach out to families. Over 560 calls were made by elementary office staff to families who had withdrawn for the 2020-21 SY. Families were asked what their intentions were for the upcoming school year. Below are the results of those calls. Because families are still returning messages, we will send another update next week. As we all might surmise, families may be changing their minds as Spring progresses.
