SAT School-Day Results Spring SY2021

Date of Last Update: May 19, 2021
The SAT School Day exam was offered Tuesday April 13, 2021 to all district Juniors and select Seniors as an option to meet the statewide college and career examination graduation requirement. The exam was completely revised in March, 2016 with greater emphases on collegiate vocabulary, data analysis and algebra, interpreting, synthesizing, and using evidence in real-world sources from history, social sciences, and science, Additionally, there were fewer distractors (wrong answers) in each question and the penalty for guessing was removed.
A breakdown of scores and improvement are shown below:

| This component of the SAT evaluates students' ability to interpret, analyze, synthesize, and use evidence found in a wide range of sources. These include passages from literature texts and on career-related, humanities, history/social studies, and science topics, as well as informational graphics (such as tables, graphs, and charts). |  |  |  |  |  |  |  |  |

## Definition of Subscores:

- Reading Mean: This component of the SAT focuses on the assessment of students' comprehension and reasoning skills in relation to appropriately challenging prose passages (sometimes paired or associated with one or more informational graphics) across a range of content areas.
- Writing and Language Mean: This component of the SAT focuses on the assessment of students' revising and editing skills in the context of appropriately challenging multiparagraph prose passages (sometimes associated with one or more informational graphics) across a range of content areas.
- Command of Evidence Subscore: This component of the SAT focuses on the assessment of students' ability to understand, evaluate, and make use of textual evidence (facts, details, statistics, and the like). This component is based on selected questions from the Reading Test and Writing and Language Test.
- Words in Context Subscore: This component of the SAT focuses on the assessment of students' ability to interpret words and phrases in context, analyze word choice rhetorically, and use language effectively in writing. This component is based on selected questions from the Reading Test and the Writing and Language Test.
- Expression of Ideas Subscore: This component of the SAT focuses on the assessment of students' ability to revise multiparagraph texts for development, organization, and rhetorically effective language use.
- Standard English Conventions Subscore: This component of the SAT focuses on the assessment of students' ability to edit multiparagraph texts to ensure conformity to the conventions of standard written English sentence structure, usage, and punctuation.

## Definition of Subscores:

- Math Test Score: This component of the SAT evaluates skills using linear relationships, ratios, percentages, proportional relationships, analyzing data, and non-linear equations and functions.
- Cross-test: Analysis in Science Subscore: This component of the SAT focuses on the assessment of students' ability to apply reading, writing, language, and math skills to answer questions in science contexts. This component is based on selected questions from the Reading Test, Writing and Language Test, and Math Test.
- Cross-test: Analysis in Social Studies Subscore: This component of the SAT focuses on the assessment of students' ability to apply reading, writing, language, and math skills to answer questions in history and social studies contexts. This component is based on selected questions from the Reading Test, Writing and Language Test, and Math Test.
- Heart of Algebra Subscore: This component of the SAT focuses on the assessment of students' skills with linear equations and systems of linear equations.
- Problem-solving and Data Analysis Subscore: This component of the SAT focuses on the assessment of students' ability to use ratios, percentages, and proportional reasoning, as well as describe graphical relationships and analyze data.
- Passport to Advanced Math Subscore: This component of the SAT focuses on the assessment of students' skills with analyzing, manipulating, and rewriting expressions, interpreting and building functions, as well as reasoning with more complex equations.

Students with an SAT Math section score that meets or exceeds the benchmark have a 75 percent chance of earning at least a C in first-semester, credit-bearing college courses in algebra, statistics, pre-calculus, or calculus. Students with an SAT Evidence-Based Reading and Writing (ERW) section score that meets or exceeds the benchmark have a 75 percent chance of earning at least a C in first-semester, credit-bearing college courses in history, literature, social sciences, or writing classes.
