

# SAT School-Day Results

## Spring SY2022

Date of Last Update: May 18, 2022

The SAT School Day exam was offered Tuesday April 13, 2022 to all district Juniors and select Seniors as an option to meet the statewide college and career examination graduation requirement. The exam was completely revised in March, 2016 with greater emphases on collegiate vocabulary, data analysis and algebra, interpreting, synthesizing, and using evidence in real-world sources from history, social sciences, and science. Additionally, there were fewer distractors (wrong answers) in each question and the penalty for guessing was removed.

**Note that these results represent only Juniors testing on the SAT schoolday**, not for all SAT exams taken by students throughout the academic year. A breakdown of scores and improvement from this date are shown below:
