

COVID-19 Test Voucher

This voucher entitles you to order a free COVID-19 test from any of our Albertsons Companies pharmacies using our online ordering system. **The online form may display a price for the test, but your voucher code will waive the cost of the test**, since you are uninsured or underinsured (i.e., your insurance will not pay for the test or you have a very high deductible).

Your local public health district, your school, and Albertsons Companies are working together to ensure your safety and the safety of your school's staff and students.

Please go to scheduletest.com. You may order a test for delivery to your home or pick up at your local pharmacy. **People who are experiencing symptoms cannot pick up their test. Please send someone without symptoms to pick up their test or have it delivered.**

If you have additional questions, please contact your local public health district at:

Choose an item.

Request a Test

after arriving to scheduletest.com, click Request a Test button
