HELPFUL TIPS

- If you opt to use a hallway locker, practice your combination lock at home prior to putting it on the locker should you decide to store materials at school. Backpacks are also allowed to be carried from class to class.
- Materials do not need to be new. If you have materials at home, look through them to see what you may have before shopping.
- If you need help getting the supplies on the list, contact your student's school counselor during open house.
- Make a commitment to stay organized this school year! It can make a big difference for your academic success.
