

Invent Idaho Display Board Ideas

Your display board should include:

- The name of your invention in large, bold letters.
- The category it is entered in.
- The goal of the invention.
- A description of how it works.
- A blueprint of the invention.

Your display board should:

- Be a tri-fold design that stands on it's own.
- Have neat, bold, colorful, large lettering.
- Be creative, visually appealing, and eye catching.
- Use a ruler and lay everything out before you glue.
- Be legible and have accurate spelling. Typing your information and printing it out is allowed.

Optional ideas that really add to a display:

- Pictures, graphs, charts
- Research on the topic or of similar inventions
- An advertisement, pricing, slogans
- Personal testimonials from people who used invention
- List of materials
