Non-Discrimination in Employment – Personnel Promotion Procedure

The Board of Trustees, or designee, shall determine all employee promotions and shall generally act on the recommendations of the Superintendent of Schools. Promotions shall be made without regard to race, color, religion, sex, national origin, age, genetic information, veteran status or disability but shall be based on merit, skills and professional qualifications.

Promotions may take the form of an “acting” classification during which time the employee’s ability to fulfill new job responsibilities will be evaluated. When a promotion is formally designated as an “acting classification” and an employee is placed in the role for twenty (20) consecutive work days, then the employee would receive the wage for that position per policy. Acting classification should not exceed one (1) year in duration without Board approval.
