School-Support Organizations

The Board recognizes that parent, teacher and student organizations are an invaluable resource to the District schools and so supports their formation and vitality. Booster clubs and/or special interest organizations (hereto after referred to as “Organizations”) are encouraged to be formed to support student activities conducted within the school or District. While parent, teacher and student organizations have no administrative authority and cannot determine District policy, their suggestions and assistance are always welcome. All such groups must receive the approval of the school principal or the Superintendent/designee when appropriate. Membership must be open and unrestricted. In planning fundraising activities and projects, the first priority must be to protect the health, safety, and security of students.
