

## Student Responsibilities & Expecations

1. **¡ESTÉN PREPARADOS!** Be prepared for class. Come ready to actively participate, bring your materials, & your positive attitude. Show respect, pay attention and be aware of due dates for assignments, quizzes & exams. Check the board! Take advantage of every learning opportunity presented - in class and out. Students are expected to participate in all activities. Spanish is an interactive class.
2. **¡TIENEN QUE ESTUDIAR!** Learning a foreign language is challenging. Like anything worthwhile, Spanish takes a lot of practice, effort and repetition. There is a lot to memorize and ALWAYS something to study. I highly recommend using the online activities provided. Plan to spend at least 10-15 minutes EVERY night studying vocabulary & grammar in addition to doing written homework.
3. **¡HABLEN CONMIGO SI HAY PROBLEMAS!** Please see me if you have any questions or concerns. I am here to help you. If you are confused, get help immediately! I'm available before school @ 7:30am for brief questions, or after school for tutoring by appointment.
4. **COMPORTAMIENTO** You are expected to respect the rights of others to learn by being on task, courteous and using manners. A conference and a behavior contract will be put into place if there is a problem.
