Tuesday, April 9

Class Picture Day

Hello,

So the word is we are done with snow! I sure hope so – especially with spring break starting next week.

Thank you all so much for attending the exhibition Wednesday evening. I am so proud of my students! I think you will all agree that they did an awesome job!

We will be doing a lot of practice for the upcoming ISAT tests after we return from spring break. We will also be learning about environments in science and of course those rascally fractions in math. ☺

I won't be sending a parent letter home next week since the kids will only be in school Monday – Wednesday. I would really appreciate it if you could remind them to put down the video controller and read for at least 20 minutes per day. Also, multiplication fact practice would be helpful as well. If you have computer access, there are some great games on multiplication.com.

Thank you for letting me be a part of your child's life!

Have a wonderful spring break!

Your child passed the following multiplication one-minute test:

___ **0's & 1's** ___ **10's** ___ **5's** ___ **2's** ___ **4's** ___ **3's** ___ **6's** ___ **8's** ___ **7's** ___ **9's** ___ **11's**
___ **12's** ___ **Multiplication Mad Minute (mixed facts 0 - 9)**

All students should pass all these tests by the end of the year.
