

April 5, 2019

Hello,

I hope everyone had a great spring break! This week we have all had a bit of a tough time readjusting but, I think we are back in the groove!

We are quickly approaching ISAT testing time... We will begin testing Tuesday, April 30. This means we will be doing a lot of test prep. I know it isn't the most fun to be had BUT, I want my students to feel confident and to show off their true abilities so I think the time is well spent. ☺

We are continuing to learn about fractions and geometry in math. We are learning about ecosystems in science and how we can help to lessen our impact on our own environment. We are doing a lot of reading and writing as well.

Attached to this letter you will find a picture form for class picture day next Tuesday, April 9. Please check out the other UPCOMING EVENTS.

Please keep reading at home and study those multiplication facts!

Have a great week!

UPCOMING EVENTS

Tuesday, April 9

Class Picture Day

Picture order form is attached to this letter!

Thursday, April 18

Einstein Expo

Please come join us for a night of science and fun! More information coming your way soon!

We will be accepting any aluminum cans and plastic water bottles to take to recycling on this day. More specific information will be coming your way soon.

Tuesday, April 30

ISAT Testing Begins!

Your child passed the following multiplication one-minute test:

___ 0's & 1's ___ 10's ___ 5's ___ 2's ___ 4's ___ 3's ___ 6's ___ 8's ___ 7's ___ 9's ___ 11's
___ 12's ___ Multiplication Mad Minute (mixed facts 0 - 9)

All students should pass all these tests by the end of the year.
